Sister tells of family's pain after murder of schoolboy

BY JONATHAN REILLY

editor@mk-news.co.uk

THE sister of murdered schoolboy Adil Basharat has labelled the men that attacked him 'disgusting people.'

Sobia Basharat, 19, was speaking outside Northampton Crown Court on Monday after Adam Moore, 20, from Cosgrove, Milton Keynes, was handed a life sentence for the murder of the popular teenager.

His co-defendants Freddy Wilson, 20, Jake Batten, 22, both from Deanshanger, and Daniel Anderson, 20, from Stony Stratford, were also found guilty of violent disorder.

Ms Basharat said: "I don't want to waste my time thinking about those four men. They are disgusting people.

"We were really dreading the whole process so it is a relief that is all over."

Ms Basharat also read a statement outside the court on behalf of the family.

She said: "The past few months have been the hardest few months of my life and the lives of

Adil Basharat

my parents and family and all those people that loved and cared for Adil.

"It has been the hardest thing in the world coming to terms with the tragic fact that I will never see my brother grow into a man, I will never see him go to university, become the accountant he wanted to, get married, have children of his own and will never see him grow old.

"I think of him every minute of every day and take relief only from the few hours of sleep that I manage to get during which, sometimes if I'm lucky, I forget what has happened to my family.

"They had armed themselves with weapons and attacked a defenceless boy. He must have been so frightened.

"Adil's funeral took place the day we should have celebrated his life, on his 17th birthday. He had so much to live for and loved his life. I remember how we celebrated when Adil got his GCSE results. He was studying for his A-levels and had such plans for his future. His life was so cruelly taken away and it does not matter how much time passes, Adil's loss will stay with us forever. We will miss him every minute of every day and will never understand how this happened.

"These men that attacked Adil, they still have their lives. Their families still can see them and they can still have a future. They will have the opportunity to get married, have their own families and live their lives. For me and my family we have been passed a sentence which is for life – a sentence that we will have to live every day of our lives."

Traffice congestion to be tackled by road widening

AN IMPORTANT and busy junction will now be widened after one councillor's campaign.

Newport Pagnell councillor Douglas McCall has been successful in his campaign to get Milton Keynes Council to take action to tackle queuing traffic at Tickford Roundabout, in the town's London Road.

Cllr McCall said: "At rush hour the traffic has to queue as the approach to the roundabout isn't wide enough.

"Some vehicles mount the grass verge to get around the queue.

"I suggested to the council that they widen the road on the approach to allow for left turn, straight on and right turn traffic. I am really pleased that the council has agreed to do this work.

"It should make a big difference to those stuck in the queues."

The work will now start on Monday and is expected to take ten days.

Life sentence for schoolboy's killer

BY JONATHAN REILLY
editor@mk-news.co.uk

A MAN who used the broken shaft of a golf club to kill a schoolboy has been jailed for life.

Adam Moore, 20, was found guilty at Northampton Crown Court on Monday of murdering Adil Basharat, 16, from Greenleys, outside his school in Deanshanger. He will serve a minimum of 16 years in prison.

Freddy Wilson, 20, Jake Batten, 22, both from Deanshanger, and Daniel Anderson, 20, from Stony Stratford were found not guilty of murder and manslaughter, but convicted of violent disorder. They were each sentenced to three years in prison.

Moore, from Cosgrove, was also sentenced to three years for violent disorder, which will run concurrently with his jail term for murder.

Adil was attacked by the group outside Kingsbrook School on November 19 last year.

During the trial it was revealed the attack had happened in a case of mistaken identity, after the gang mistook him for another Adil who had stolen drugs from one of their friends.

ADAM MOORE: Found guilty of Adil Basharat's murder and jailed for life

The court had heard how Moore had beaten Adil with the golf club until it broke, before stabbing the teenager with the shaft, severing an artery in his pelvis. He died two days later on November 21.

Sentencing Moore, Judge Charles Wide QC said: "You took a golf club with you, which is serious enough as a weapon. You broke it hitting Adil Basharat and it then became a lethal weapon and you used it to stab him.

"As the jury found, you deliberately stabbed Adil Basharat, penetrating his body by about a foot, by about 25 to 30 centimeters.

"You must have known what you had done. It was a deliberate act intended to cause really serious harm. Life in prison is mandatory.

"There are some serious aggravating features. This took place outside a school. The group attack was on a 16-year-old, in the presence of other 16-year-olds."

Addressing Wilson, Batten and Anderson, Judge Wide QC said: "I take that you never went to cause the death of Adil Basharat, but when concerned with violent disorder it is a melancholic fact that the courts have to deal with unforeseen, fatal injuries caused in the course of general violence."

Moore and a fifth defendant, Billy Billingham, 19, of Bradville, were found not guilty of conspiracy to commit grievous bodily harm.

Residents to have their say on parish boundary

A CONSULTATION will be held to decide whether the current parish boundaries in Woughton should be changed.

A large number of residents from the Woughton Community Council area attended a meeting of Milton Keynes Council to discuss the review of the boundaries.

The review meeting saw a proposal to retain a united parish council passed and this will now be consulted upon with the findings reported to Milton Keynes Council.

Woughton councillor Hannah O'Neill said it was significant that residents spoke in favour of retaining the existing boundaries.

She said: "I think the message was clear that across Woughton Community Council there is a real desire to stay as one parish and it saddens me that one, relatively small pocket of people feels disenfranchised enough to begin this 'partition' campaign."

Steve Coventry, who is also a Woughton councillor, added: "Any further consultation must cover all residents and all estates."

Big George killed after illegal use of Meow Meow drug

BY SOPHIE SCOTT
editor@lsnmedia.co.uk

POPULAR radio presenter George Webley died after taking the Meow Meow drug which caused him to have a heart attack.

An inquest at Milton Keynes Coroner's Court on Monday was told how his wife had gone to bed but woke to hear him shouting for help at their home in Vicarage Walk, Stony Stratford.

She found Mr Webley, *pictured*, 53, on all fours and struggling for breath, so opened the back door to let fresh air in but he collapsed on the floor.

She called for assistance and began performing CPR before the ambulance arrived, but he was pronounced dead at the scene on May 7 this year.

Meow Meow, or mephodrone, is a stimulant drug belonging to the chemical family of cathinones, which is a group of drugs similar to amphetamines.

Last year it was reported the drug had been linked to a spate of deaths of young people in the UK.

Mr Webley, who had suffered a heart attack when he was 38, became patron of the Milton Keynes Community Cardiac Group.

His talent on the airwaves earned him a gold Sony Award for best music presenter in 2002 when he was working on Three Counties Radio. He had spent the last five years presenting a weekday overnight programme on BBC Radio London.

He was also a musician, composing signature tunes for hit TV shows including Have I Got News For You.

Coroner Thomas Osborne said: "The verdict should be that Mr Webley suffered quite severe heart disease. From then, the cathinones found in his blood, these designer drugs, and because of his previous illness, it's more likely than not the final event was caused by those drugs in his system.

"It is wrong to record natural causes. The verdict is he died as a result of misadventure, simply being he was taking the drugs not for taking his own life, but because of an action that went wrong and led to his heart attack and subsequent death."

His cause of death was recorded as Ischaemic heart disease and illegal use of cathinones.

He leaves behind two sons, two daughters and three grandchildren.

Ex-cons clean up the city in tidying scheme

EX-OFFENDERS are giving something back to local communities by taking part in a scheme to tidy-up the city.

Milton Keynes Council's central neighbourhood management team and Milton Keynes City Centre Management are working to enhance areas in need of refurbishment in the centre of the city.

Through a new agreement with the Thames Valley Probation Service, Community Payback teams will carry out work such as tidying up landscaped areas, painting railings, bollards as well as other street furniture.

The work will continue every Monday through to July next year as they work their way through Milton Keynes.

Neighbourhood manager for Milton Keynes Council, Carmen Kane, said: "This is a great opportunity for us to work in partnership with the business community in Central Milton Keynes and the probation service to enhance the public realm and environment."

Survey to tell broadband story

MORE than 600 people have responded to a survey about super-fast broadband in the city.

Milton Keynes Council, in partnership with Biztech Technology Forum and other partners, launched the questionnaire in June and wants all premises to take part.

A council spokesman said: "We have received more than 600 responses from various parts of the borough so far.

"We are very excited about analysing the data to help us visualise the broadband story in MK. It will show where we need to work, what services people are using broadband for and how much money people are willing to pay for it.

"This sort of information is very useful for the industry in influencing their investment decisions.

"We are keen to get as many responses to this survey as possible, so we would encourage people to keep making their views known to us."

RBS office to close

MK NEWS has been asked to clarify that it is the RBS office in Silbury Boulevard, in the centre of Milton Keynes, which is closing and not an RBS branch as reported in last week's paper. We apologise for any inconvenience.

Tax offices evacuated again

THE Inland Revenue office at Bowback House was evacuated again last Wednesday - this time due to a suspicious package.

The offices in Silbury Boulevard were first evacuated on July 20 and all three emergency services were called after what is believed to be an ammonia leak in the air conditioning system.

A police spokesman said: "The package has been assessed and does not pose a danger. There is an ongoing investigation to identify the sender of the package."

Tea event brews up the cash

A STRAWBERRY Tea fundraiser is being hailed a huge success after nearly £5,000 was raised for Breast Cancer Care.

Friends and family of organiser Clare Rayner, herself diagnosed with secondary breast cancer, turned out in droves to the event, supported by MK NEWS, on July 31 and indulged in lots of tasty treats, raising £4,802.53.

So far this year she has raised more than £7,000 and is hoping to get to £10,000. Clare said: A huge thank you goes out to the generosity of all the people who came along and showed their support."

Council should ask for fee

SIR - Regarding last week's front page story 'Multi-million deal to put council 'in control'', this all has a feeling of déjà vu – except last time the Commission for the New Towns gave Milton Keynes Council various assets such as The Food Centre, which it later sold, and The National Bowl – which it later handed back to English Partnerships as it turned into a liability.

So what has changed at the council to make it think it will do better this time around? The recent Secklow Gate bridge debacle – which has potentially left the council with a bill of several hundred thousand pounds – suggests not much.

All these sites and assets require management – which will be a cost – before any value can be derived from them. The economy is very fragile and the council could end up holding many of them for years to come before it realises any return.

So, far from paying for these so-called assets, I think the council should be looking for a fee to manage, maintain and market them in return for a profit split when they are eventually sold. This would give the council the control it wants – without exposing itself to an unspecified potential liability – and making some money in the longer run.

NHS costs will have to rise

SIR - I see that some local politicians have yet again decided not to let the facts get in the way of a good campaign ('Save NHS campaign to meet for first time', MK NEWS, August 3).

The truth is that due to an ageing population and advancement in the treatment of many illnesses, if we want to keep a fully free health service then we have to look at the way it is managed and funded.

First of all let's get rid of some of the more scaremongering tactics.

■ Less money for the NHS? The Kings Fund has shown the Coalition Government has increased spending on the health service this year as promised.

■ The NHS has been tasked with finding £20billion worth of savings? Yes, but this is part of the review to see how services can be managed in a more cost effective way, the reduction in bureaucracy etc.

■ The savings will go back to the treasury. Any savings are not taken out of the service but will stay in the NHS to be reinvested into the front line services.

■ GP commissioning will create a two-tier service. Everyone in Milton Keynes will receive the same level of service.

■ We are going to have to pay for the NHS at the point of delivery? The Government has guaranteed that it will always be free at the point of delivery.

■ The service is going to be privatised? No, but if some services can be obtained from a private medical group at a cheaper rate than the NHS, provided it meets the quality standards and it is an effective treatment, it may buy that service for the patients.

The most outrageous statement made is that we are going to end up with an American-style health service. Absolute rubbish. I think many patients concerns are that this is all going on and they don't have a say, but they do as every practice is tasked with carrying out a practice wide patient survey and every surgery is encouraged to have a practice patients' group and patients' review group.

In addition to this every group looking at the services within the NHS has to have a patient's representative on it as an equal partner. If you care about the NHS and your doctors' surgery, ask at your local practice for contact details of the PPG or Talk to LinkMK about how your voice can be heard.

I don't belong to any political party, I just care about the NHS and it's too important to be used as a political football.

Travellers' site 'unsuitable'

SIR - Regarding your article in this week's MK News regarding the travellers' site at Fenny Lock, my husband and I have taken a great deal of interest in the progress of the proposed site.

We have attended meetings and have listened to the arguments. We have felt all along that the woodland site is unsuitable for any form of development and can only applaud the present Conservative council in its re-think of this development.

Liberal Democrat councillor Andy Maric states 'Caravans and encampments by the side of our roads used to be a real problem and it frustrates him when he hears Tory councillors suggest there is no need for a travellers' site in MK'.

It seems to us that Cllr Maric has little to argue about because as he rightly stated this occurrence used to be a problem. This is no longer the case.

He and his Lib Dem colleagues on the council were for some reason hell-bent on this venture against the views and opinions of experts and the public alike.

The land assigned to this venture is only suitable for its original use as a home for wildlife and an ecological solution to the flooding of the Simpson Road and air and noise pollution problem of this area due to the closeness of the A5D.

Speed limit will save lives

SIR - In response to councillor Arun Vaidyanathan's view that the 20mph speed limit will create more problems than it will solve ('Opponents sign up in speed limit row', MK NEWS, August 3), he should try living along Rickley Lane.

As a resident I have first-hand knowledge that during school term-time cars are parked down both sides of the road and children and elderly residents have to try and cross this busy road.

When the school is closed the road is used as a race track from Whally Drive to Whaddon Way and we have an awful job trying to get in and out of our drive when speeding cars are flying past.

This road is a rat-run from one side of Bletchley to another and it has taken its toll on residents. We are fed up with being fobbed off with excuses as to why we cannot have a reduced speed limit and yellow lines. As council taxpayers we have the right to insist on health and safety before a death occurs.

Mrs White
Rickley Lane, Bletchley

Doing nothing not an option

SIR - It's very encouraging to see residents motivated to write in on the subject of reduced road speeds in residential areas.

I have a few points to add. Firstly, and most importantly, West Bletchley Council's proposed 20mph limit is a pilot project covering a small number of residential roads for a fixed period of time.

If, as I hope, the scheme proves successful in reducing speeding, near misses and accidents, then I would hope to see it rolled out across West Bletchley, but this wouldn't happen automatically. Decisions would be taken openly and democratically at council meetings and the public would be encouraged to attend.

Many residents have expressed support for the principle of reduced speeds, but are sceptical that this can happen without greater and more effective enforcement. They are right to be concerned.

One of the key elements in the ongoing discussions between West Bletchley Council and other agencies is the level of support for enforcement. Equally, the key to reducing speeds and accidents is the change of attitudes among drivers and residents, not just a reliance upon enforcement. We need to use the opportunity provided by this scheme to engage the whole community in discussions about how to make our streets safer.

One practical issue which all the agencies involved agree on is that existing schemes based on specific defined areas (such as outside schools) have a mixed impact – they tend to reduce speeds in the immediate area, but encourage drivers to speed up around the fringes to make up 'lost time' – just ask the residents of Shenley Road and Church Green Road at school pick-up times. This scheme is an attempt to address this problem.

Staff at West Bletchley Council have put considerable time and effort into researching this proposal, and we owe it to them to respect the outcome of this research. We first passed a policy supporting 20mph limits in residential areas in autumn 2009 (with unanimous support from all councillors) and have been discussing the practicalities with stakeholder groups (including councillors and NAGs) since then. Large amounts of evidence have been collected which demonstrate that speeding is a problem, and that residents are concerned about it. Doing nothing in response is simply not an option.

It beggars belief that a councillor who has been fully involved in these discussions over months and years should object to the scheme at this stage.

This is a subject which those on both sides have strongly-held and passionate beliefs about. West Bletchley Council needs to listen to all sides, but base its decisions on facts and evidence, not just belief.

If the evidence from the pilot scheme doesn't back up my belief that reducing speeds makes roads safer, I'm happy to look at alternatives.

If we don't go ahead with the pilot scheme, evidence that our roads are dangerous could take the form of a dead child or a seriously injured pensioner. I for one don't want to take that risk.

Tony Mabbott
West Bletchley Councillor, Green Party

Benefit fraudster given community order

A WOMAN who falsely claimed almost £30,000 in benefits has been given a community order.

Rose Marylene Fettes, of Taunton Deane, Emerson Valley, was sentenced at Milton Keynes Magistrates' Court after being found guilty of two charges in May.

The 69-year-old claimed her son was her landlord when he was not and did not declare that she owned a property in France.

As a result of these false statements she was overpaid housing benefit of £23,041.44 and council tax benefit of £4,688.51 (£27,729.95 in total) between January 2007 and August 2010.

She was sentenced on July 29 to a 12-month community order with a requirement to do 180 hours of unpaid work and ordered to pay full council costs of £2,296.84.

Paul Strangward, audit services manager for Milton Keynes Council, said: "The benefits system is there to help those in genuine need and that is why we will take to court anyone found to be falsely claiming for benefits they are not entitled to."

'No room at the Point' as it lets all its premises

BY ADAM GRINSELL & DAN PALMER

editor@mk-news.co.uk

AN ICONIC Milton Keynes landmark is running at full capacity for the first time in four years.

With the opening of the YMCA store, The Point in Central Milton Keynes is officially full.

This was confirmed by landlords Hammerson who said that they were 'very pleased' to have no more room in their building.

Linda Inoki, who heads up city pressure group Xplain, said it was good news for those with an interest in the city's heritage.

She said: "We we're pleased another tenant had been found as The Point symbolises the city as a whole.

"In the late 1980s The Point was a beacon for the future, it's a part of local history.

"It's okay if the use of the building changes as long as the building is valued."

Angi Alawel, YMCA shop manager, added that she was happy to have moved into the famous city site.

She said: "We let this space for free from the landlord, and they would rather have someone in because it keeps the place safe.

"We've worked so hard, but we just constantly have people saying they didn't know we are here, so we're really trying to get the message out.

"We do vintage and retro stuff, we have a lot of designer stuff, new goods as well as second-hand, we do furniture, and we rotate all our stock with the other shops every two weeks, even the furniture, to keep it fresh."

The Point opened up in 1985 and included the UK's first multiplex cinema.

Police team to give advice on cutting crime

A NEIGHBOURHOOD policing team will hold a crime reduction event tomorrow to help people protect their property against thieves.

The event will take place at the Melrose Avenue Resource Centre (MARC), next to Tesco Express in Melrose Avenue, Bletchley, between 9am and 3pm.

Police Community Support Officer Chris Nicholls said: "We have arranged this event because there have recently been several thefts of pedal cycles in the area, as well as property stolen from cars.

"Everyone is welcome to come along and have their bikes and other valuable belongings such as mobile phones marked with their postcode, helping to deter thieves and making the items more likely to be returned if they are ever stolen.

"Phone marking is free, but we will charge £4.50 for bike marking.

"We will also be providing general crime prevention advice to members of the public. We will be combining this event with a Have Your Say meeting."

Ready for action: Police in riot gear with shields along with dog handlers prepare to move in

Stores targeted by rampaging youths

A SUPERMARKET was forced to close overnight after youths attempted to rampage the store.

Police riot vans rushed to Tesco in Watling Street, Bletchley, at about 8.20pm and four arrests were made.

Some eyewitnesses said shoppers and security stopped anyone from causing any damage by tackling them to the ground before police arrived.

All the shops at Beacon Retail Park closed early, as did Ikea, in case of any trouble. Stores elsewhere in the town also closed early.

Pockets of young boys and girls were gathering in the area and there were reports of up to 100 people near Bletchley train station, but at the time of going to press police at the scene said most had dispersed.

They left a trail of destruction in Queensway, Bletchley, with the windows at Corals vandalised and one car attacked. The youths were reportedly armed with baseball bats and bricks.

Helicopters were hovering over the town for most of the evening.

The four men arrested were held in custody on suspicion of violent disorder. Two men, aged 23 and 24, were arrested in Watling Street, the other two, aged 19 and 18, were arrested in Fenny Stratford.

Earlier in the night, police were called out for minor disorders in Eaglestone, Coffee Hall, Beanhill and Netherfield.

Staff at Tesco were unable to comment last night.

MK NEWS the place for council's public notices

MK NEWS has won the contract to publish all of Milton Keynes Council's public notices.

Readers will now be able to find all of the council's announcements in this newspaper every week.

Public notices contain important information on things like planned road closures and planning and licensing applications.

They are published by local authorities to make sure the public are aware and able to comment on applications before they are decided upon.

Jonathan Cropley, MK NEWS' publishing director, said: "After several years of carrying a large proportion of Milton Keynes Council's local recruitment and local information advertising, we're extremely pleased to have won the contract to carry its public notices advertising in MK NEWS each week.

"We're only too aware that public notices are an extremely important source of information for local people and we're pleased that these notices from the council will now appear in Milton Keynes' favourite local newspaper each and every week.

"This win can only help us to further cement MK NEWS' position as officially the best read local newspaper in Milton Keynes."

■ For this week's public notices, turn to pages 52 and 53.

New-style pink and black sacks are coming your way

Milton Keynes Council reports that annual deliveries of pink recycling and black refuse sacks to every property in Milton Keynes are now well underway and will continue until mid September.

If you have not yet received your sacks, you can check on the council's website when deliveries are expected to come to your area – go to www.milton-keynes.gov.uk/recycling and key in your street name or call the Environmental Services Contact Centre on 01908 252570.

In an effort to encourage recycling and to help residents avoid the need to obtain additional pink sacks, each household will receive a roll of 80 sacks – 20 more than previously.

Both the pink and black sacks now feature a slightly different design – while marginally shorter the sacks hold the same volume and are the same width. The difference is in the seal at the bottom which uses less material – this presents a cost saving to the council and is more environmentally-friendly.
They are also folded differently so make sure to fully open the sacks before use.
Don't forget, you can now put worn textiles and shoes in your pink sacks. While good quality shoes and textiles should continue to be sent to charity for re-sale, any item which is not fit to be re-used can be placed in the pink sack for recycling with immediate effect.
Look out also for your new yellow battery collection bag – once you receive yours, you can start recycling unwanted batteries. Simply place the batteries in the bag, seal it and put it out on top of your green food and garden waste bin.

Our waste contractor Serco reports that in areas where the bags have been delivered, residents have welcomed the new service with many using the yellow bags to ensure batteries are recycled instead of going to landfill where they pollute the environment.

For further information on recycling and waste collections in Milton Keynes, visit the council's website at www.milton-keynes.gov.uk/recycling, email: recycling@milton-keynes.gov.uk or call the Environmental Services Contact Centre on 01908 252570. The waste website now features Google Translate so that many of the articles can now be viewed in a variety of foreign languages.

Now you can recycle worn textiles and shoes!

New additions to the weekly pink sack recycling scheme

www.milton-keynes.gov.uk/recycling

Milton Keynes Council is now able to accept worn clothing, textiles and shoes in the weekly pink sack recycling collections.
Please send any re-usable items to a reputable charity but items which cannot be re-used can now go in your pink sack.

For further information, see our website or call the Environmental Services Contact Centre on 01908 252570.

Have your say on health proposals

LAST month MK NEWS exclusively revealed the NHS Acute Services Review may mean Milton Keynes Hospital losing some of its vital services. The review is taking place across the region and may lead to some patients having to travel to get the care they have been receiving in the city.
This week, chairman of LINk:MK, Alan Hastings, *right*, talks about the importance of the review.

"AS THE chairman of LINk:MK (Local Involvement Network Milton Keynes) I have been involved in setting up the South East Midlands Acute Services Review over the past few weeks.

The role of LINk is to find out what people like and dislike about health and social care and feed the information back to purchasers and providers of services to help them deliver better services that reflect the needs of the people.

Importantly, the LINks are accountable to people and are independent of central and local government, and the NHS. The review is in the very early stages and includes the hospitals in Milton Keynes, Bedford, Northampton, Kettering and Luton and Dunstable.

There will be many opportunities for people and patients to shape and influence the direction of the review during the autumn and any proposed changes will be subject to a public consultation early next year.

Local clinicians believe the review is an opportunity to bring about improvements in the quality of services available and improved health outcomes for patients.

Improving accessibility for patients to high quality, local services is at the heart of the process, but there is a recognition that we need to be building more efficient and effective hospital-based care systems for the future.

The role of LINk is to sit alongside the clinicians and managers who are setting up the review, and represent the viewpoint of patients and local people.

I believe the review is an important opportunity for us to secure excellent and sustainable health services that we can all rely on.

So please do get involved, have your say and let us know what is important to you and your family when it comes to these local services."

■ A pressure group with the aim of 'saving' the city's NHS has been set up.

MK Health Protect was due to hold an emergency meeting at the council offices last night and will launch its campaign in the autumn.

Cop's items go under hammer

BY SOPHIE SCOTT
editor@mk-news.co.uk

SLEEPY Wavendon was without crime for 25 years it has emerged – and its policeman was sacked because of it.

Harry Jackman, who served the village between 1914-1939, was entrusted with a truncheon, whistle and handcuffs but they may never have been used as he never made an arrest.

Auctioneers W&H Peacock discovered the items, left unused for 73 years, when they were called to clear his house after his death.

The auctioneers discovered cuttings from a newspaper hanging on the wall which describe his dismissal.

The Bedfordshire Times and Standard, dated August 14, 1939, quotes Mr Jackman as saying: "Although I was parish constable for 25 years I did nothing really.

"If ever I was needed I could always be called upon night and day.

"In all my experience I have never known crime here, but once I was called to Woburn Sands, the next village, to remonstrate with a man who was ill-treating a horse."

A selection of the lots found in Harry Jackman's home that went up for auction

Auctioneer David Fletcher said: "This all comes from his cottage in Wavendon after he died.

"The press cuttings were hanging on the wall and the baton and handcuffs we found elsewhere in the cottage.

"As you might imagine we find all sorts of interesting things, but I've never found anything quite like this. We were interested in the story the items told and the social significance.

"And also it tells us a bit about the gentleman. All in all I thought it was a nice little cottage."

The three items were sold for £75 on Friday.

Petition launched to save travellers' site

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

Petitioning: Cllr Andy Maric is against the decision to suspend work on a new travellers' site

AN E-PETITION has been set up by one councillor opposed to the suspension of work on a new travellers' site.

Liberal Democrat councillor Andy Maric has spoken out against the decision to put a halt to the work on ten pitches in Fenny Lock, which has been stopped to carry out a value for money review.

He feels the suspension could be a backwards step for the city if it is decided the site will not be built.

"When I was younger I remember all the travellers at the sides of the grid roads," he said. "It was really bad - they were all down the sides of the roads and there was lots of rubbish.

"The council started addressing the issues by creating places for them to go, and they settled.

"If they throw this out, the grid roads are going to become a complete mess again."

There was £1.8million granted by the Government and £600,000 of this has already been spent, but a cross-party report carried out in December suggested the money could be better used on things like affordable housing and that a review should be carried out.

Although the former Lib Dem administration decided not to do this earlier this year, the new Conservative cabinet has decided to take this advice.

Cllr Maric has now set up the petition and said if enough people sign it, he will take it to the Conservatives and challenge them if the decision is taken not to continue with the site.

Trike snaps park site for Google

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

ONE of the area's most important historical sites is the latest to be added to Google's infamous Street View.

Bletchley Park has been snapped by one of the internet giant's trikes as part of its effort to map the roads of the world, allowing internet users to virtually tour different places.

It has been uploaded as part of the company's Special Collects.

A spokesman said: "Street View Special Collects are made in off-the-beaten-track locations, pedestrian areas as well as inside and outside of famous landmarks, historic buildings and sport stadiums.

"Through Street View users can explore cultural sites around the world, including historic city centres and archaeological sites, for example.

"Bletchley Park will form part of this collection, where viewers from all over the world can be made aware of this historical site which played a pivotal role for Britain in the Second World War."

As it cannot be viewed from any of Bletchley's roads, Google had to use a trike to picture it, instead of its traditional car-mounted globe-shaped cameras.

Google added: "We basically took the same technology in our Street View cars and towed them behind a three-wheeled tricycle, in a device reminiscent of an ice cream cart. The trike lets us reach areas not accessible by car, such as hiking trails, biking trails and college campuses, just to name a few."

At the time of going to press, Bletchley Park was unavailable to comment.

Police talk 'jumper' down from Winter Gardens

A TEENAGER had to be brought down from the roof of a building in central Milton Keynes after he threatened to jump.

On Saturday evening he was seen on top of the Winter Gardens in the CBX in Midsummer Boulevard.

Police were called to the scene and managed to bring him down.

An eyewitness said: "It was quite distressing, there were lots of police out there and it looked as if they closed off all of the Winter Gardens."

The male, in his late teens, had been on the roof of the building since about 5pm.

Police cordoned off an area of the pavement beneath the scene before he was brought down at about 6.30pm and taken to hospital by the police.

Santander staff lend a hand to the community

STAFF from Santander have been lending a helping hand as part of the bank's Community Days initiative.

Pictured are 12 staff who took part in a grave mapping day at Woburn Heritage Centre, where grave stones were recorded and sent to an archiologist to help with family trees.

July's activities included painting and decorating the TV room at Stony Stratford Children's Play Centre, and painting a mural on the entrance wall of Daisychain Children's Centre in West Bletchley.

Plan in place for Station Square work

BY SOPHIE SCOTT
editor@mk-news.co.uk

WORK to improve Station Square is set to begin.

The improvements are being made with the aim to make the area safer and reduce congestion.

When completed there will be better pedestrian access, additional cycle shelters, a dedicated bus stop area, a new pick up/drop off area, a separate area for Hackney carriages and the roads will be resurfaced.

During the work, cycle shelters will temporarily be relocated to the northern arm of Station Square on the existing footway.

Areas for taxis and dropping off will change depending on where the work is taking place.

Long stay parking in Elder Gate will be suspended to make way for bus stops.

Following the works, all long stay parking is to be removed from the area.

A small section of short stay parking and Blue Badge parking will remain during the works.

Cllr John Bint said: "It's inevitable that there will be a little bit of disruption.

"But I am impresses with the contractors approach to keeping the passengers flowing and providing clear signs saying where you can and can't walk.

"The work is being done in stages so as much as possible will be kept open throughout the process.

"There will be some disruption with the buses, for example they will be stopping outside in Elder Gate, and we hope there will be very clear signposting.

"If any people notice that signs are missing or not helpful, we do ask them to please let us know to make them even more clearer or so we can go out and replace them.

"We will do our best to manage everything as speedily as possible. The outcome is going to be something Milton Keynes will be very proud of in the long term."

Beginning on August 22, the work is expected to be completed by February 2012.

Campaign set to fight hate crime

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

AN ANTI hate crime campaign is being launched to raise awareness and get people to start reporting problems.

Milton Keynes Equality Council is asking people to don purple wristbands as part of its MK Against Hate Crime initiative, and is hoping to get companies and other high-profile city organisations involved.

Hannah O'Neill, hate crime reduction manager and organiser of the MK Anti Hate Crime Group, says the real extent of hate crime in the city won't become apparent until any offences are reported, either to the police or the Equality Council.

"Hate crime is any criminal offence that's seen by the victim, or any other person, as being motivated by hostility towards their faith, race, sexual orientation, gender identity or disability," she said.

"This means it can literally be anything as minor as name calling up to physical assault and murder.

"It's whether someone thinks that person was targeted because of one of those five reasons."

Band together: *From left*, Navrita Atwal, Ade Adekola and Hannah O'Neill

The purple wristbands have now been launched, and Miss O'Neill hopes that people will start to ask questions about hate crime once they see others wearing them.

She added: "Until we know the true level of what's happening out there, we can't support victims. People need to report it."

Anyone interested in the campaign should call Miss O'Neill on 01908 606224. If you want to report a hate crime call Miss O'Neill, or the police on 0845 8 505 505.

Road safety is key message at fun day

BY DAN PALMER
dan.palmer@mk-news.co.uk

A 16-YEAR-OLD road safety campaigner is working tirelessly to organise a fun day in memory of her younger cousin who was tragically killed after being hit by a car.

On June 15, 2009, 12-year-old Hannah Hudson was walking to school when two young men, unknown to each other, sparred and raced up the A650 in Leeds.

One hit Hannah who died from her injuries after being thrown 27 metres.

Her cousin Becca Butcher, from Bletchley, has been involved with road safety charity Brake ever since and she has now set up the fun day in Hannah's name.

It is hoped as many people as possible will turn out to support the cause and a local band who would be willing to perform in the evening have also been asked to come forward.

A message of staying safe on the roads will be key throughout.

Becca said: "During the day it's for the family so it will be about telling kids to stay safe and not be stupid.

"In the evening it'll be more towards the adults, with messages about things like drink driving."

A Brake spokesman added: "Becca is inspiring."

Since Hannah's accident, Becca and Brake have successfully campaigned to install a pelican crossing on the A650.

The fun day will take place at The Clocktower, Bletchley, on August Bank Holiday Monday (August 29).

For more information, or if your band is interested in playing, e-mail Becca on beccasbutcher@gmail.com.

Fighting to solve HiMO tax problem

Trying to make a difference: Cllr Penelope Halton-Davis who is trying to tackle HiMOs

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

COUNCIL tax should be paid by each and every unit within a House in Multiple Occupation (HiMO).

That's the view of one new parish councillor, who believes taxpayers in Milton Keynes are being charged for the services of many others who don't pay tax.

Cllr Penelope Halton-Davis says she joined Campbell Park Parish Council 'to make a difference where she lives' in Fishermead, and feels some of the major problems facing the community there are those stemming from HiMOs.

These are one house that has been converted to contain several isolated flats, or units, with shared amenities.

This opinon was echoed by angry residents recently when they were invited to meet police after the shooting of two teenagers on the estate, who claimed there are up to 18 people living in one house in some places.

Currently a HiMO only has to pay council tax once, but Cllr Halton-Davis thinks many problems could be solved if each unit in every HiMO had to pay Band A tax.

"It's not fair that you have six different people living in a house and draining the resources we pay for," she said.

"If everyone paid the council tax the council would be quids in. They are using our resources, especially for things like rubbish collection.

"I haven't got a problem with HiMOs, they are here to stay, but they have got to abide by the rules."

Money will help uncover history

BY ADAM GRINSELL
adam.grinsell@mk-news.co.uk

TWO projects delving into the hidden histories of Milton Keynes and Newport Pagnell have been awarded grants worth £87,300.

The Heritage Lottery Fund (HLF) has awarded the money to projects which will encourage people to uncover facts about their areas' local history, and preserve it for the future.

Young Heritage Hunters, run by the Milton Keynes Heritage Association, was awarded £49,500 and will set schoolchildren on the trail of forgotten and overlooked history covering various parts of the town and spark interest in further investigations in the future.

It will work with schools across the borough to get them involved in activities looking into the history of their immediate area - one school will be studying an ancient hedgerow, while another will look at water resources and where bodies of water were situated long before the city was built.

David Muston, Heritage Association chairman, said: "We are very grateful for the continued support offered by the HLF and hope that this new project will produce a lasting legacy in terms of new ways in which people can interact with and appreciate the heritage which lies all around us."

Delving into the past: Milton Keynes Heritage Association chairman David Muston with some of the work it does with schoolchildren

In the other project, Newport Pagnell Garrison Town volunteers will research the story of the town's role in the English Civil War and provide information for a guided walk and schools.

MK LETTERS EXTRA

Enforcement the answer

SIR - I am unable to comprehend how reducing the speed limit in West Bletchley is going to reduce speeding.

The fact is that drivers who are speeding will go on speeding and the law abiding motorist, who sticks to the speed limit, will be penalised. Surely the correct approach to the problem is to catch the offending drivers and penalise them and not to make the vast majority go even slower.

On a similar topic, chicanes, traffic lights and road bumps are not the answer to slowing traffic down. These only increase pollution through stop, start and wear and tear on vehicles.

Name and address supplied

Other measures can work

SIR - We write regarding the proposed changes to speed limits on certain roads in West Bletchley and we tend to agree with other correspondents that a reduction is not workable if it's not enforced.

Nevertheless we applaud West Bletchley Council for recognising that there is a problem.

We appreciate the police cannot enforce the limit 24/7 so therefore the problem lies with drivers.

We think that, unlike councillor Vaidyanathan, these roads are for residents (they had houses built on them first) not passing motorists.

We would add at this point that unlike Cllr Vaidyanathan, who lives in The Lynx, a virtual cul-de-sac, we live on one of the roads subject to the proposed change.

As the motion rightly or wrongly had been passed by West Bletchley Council, of which he is a member, why is he now raising a petition in support of drivers who largely do not live in the area that they speed through? And speed they do.

We doubt if anybody wants sleeping policeman as they only inconvenience residents. But road narrowing and cycle lanes make speeding drivers aware of the residents and pedestrians and do not need constant monitoring.

These measures must work as they are used all over Milton Keynes.

Maybe we need a more focused petition where all residents' needs are catered for.

Several residents of one of the affected roads

Cameras are the only option

SIR - I have been reading with interest the comments that have been raised regarding the proposed 20mph speed limit on some of the roads in West Bletchley.

I live in Shenley Road, near to the junction with Buckingham Road, and I have to admit that speeding is a big problem, especially in the evenings when the road is fairly empty.

I have no objection to a 20mph speed limit but I do not think it will solve the problem as the only motorists that will adhere to the change are those that drive within the current 30mph limit.

Neither do I think that road narrowing is an option as there is already a tailback of traffic past my house during rush hour and this problem would be made even worse.

I understand that traffic-calming humps are out of the question too because it is a major route for emergency services vehicles and they would be adversely affected.

So, the only option would be to install speed cameras. I realise they are expensive to maintain but surely the revenue they are likely to generate would offset the cost of running them?

Personally, I enjoy cycling but how can you expect people to cycle along busy roads that are full of speeding traffic?

There are no redways linking West Bletchley to Central Bletchley and Buckingham Road is far too dangerous for even experienced cyclists.

I have kept a copy of an article in the autumn 2009 edition of the West Bletchley magazine Open Door entitled 'Future Vision of Cycle and Walking Routes in West Bletchley'.

I imagine the suggestion of new cycle routes has now been shelved because of cutbacks.

Sally Esau
Shenley Road, Bletchley

Much misunderstanding

SIR - In connection with your article last week I would like to clarify certain points that may lead to misunderstanding with some of the residents in West Bletchley.

The West Bletchley Parish Council approved a pilot scheme to cut the speed limit to 20mph in some parts of West Bletchley. The two areas affected are Westminster Drive, Whalley Drive and Melrose Avenue (between Whaddon Way and Whalley Drive) and Church Green Road, Rickley Lane and Shenley Church End.

I am against cutting the speed limit to 20mph close to the railway station in Whalley Drive and Westminster Drive since this will also affect the car users living in side roads.

There is a problem near Abbey's School in Melrose Avenue and the general opinion of residents is to have a 20mph limit in Melrose Avenue during term time from 8am to 4pm. Some residents in Melrose Avenue feel too many cars are parked in Whalley Drive from the Melrose Avenue roundabout to Whaddon Way. It may be a good idea to put double yellow lines at the junction.

I would like to stress that I did not carry out a survey in Church Green Road, Rickley Lane and Shenley Road, even though I received phones calls from residents living in that area.

I do not speak for them and it is left to the car users in that area to decide.

I object to the speed limit cut to 20mph in Westminster Drive and Whalley Drive, which is supported by local residents.

Cllr Arun Vaidyanathan

BECOMING A NEW PARENT IS THE MOST AMAZING, EXCITING AND CHALLENGING THING YOU ARE EVER LIKELY TO DO

Mother, Baby & Beyond...

Most people will not get parenting right all the time, so go easy on yourself as you learn.

Cooking meals, making a sandwich, taking a load of washing out of the machine, popping to the shops, putting petrol in the car, making a phone call.....ordinary things take twice as long when you have a new baby, so make the most of any help you can get.

Having a baby means a big change in your social life. You may be enjoying the developing bond with your baby, but miss the company of friends and colleagues. It can be a great help to make new friends who are in a similar situation. Ask your midwife and health visitor about networks, clubs and groups of parents, such as the National Childbirth Trust, baby / toddler groups, breatfeeding support groups and Sure Start groups.

Here are a few local companies who can help with the care and development of your little bundle of joy.

Ready to rumble

THE gloves will be off when a Milton Keynes model takes to the ring for a charity boxing event.

Bridie Grimes, *pictured left*, is one of 15 girls who will be battling it out at Models Fight Night and all the cash raised will go to the Katie Piper Foundation, which supports people who suffer from burns and scars.

Organisers have billed the event as 'the most sexy and glamorous boxing club out there' and trainers have vowed to transform the girls into 'fierce fighting machines'.

Twenty-two-year-old Bridie is training extensively at a top boxing clinic for the event, and like all of the other girls has no experience of the sport.

The big night takes place on September 1 at the 1,500-seat HMV Forum in Kentish Town, and three Sky channels will broadcast the action.

Bridie, from Shenley Lodge, models part time and also works for a transport company in London.

She got involved with the fight night through her profile on a casting website and lists former world champ Ricky 'The Hitman' Hatton as one of her boxing favourites and the right cross as her special move.

"I've not done anything like this before but I'm interested in boxing and it's a challenge," she said.

"It's a really good cause but I hope I do well, I've definitely got a competitive streak."

The standard of the fights is expected to be high as the coaches training the girls have previously worked with 15 World Champions between them.

Organiser Monica Harris said the event would be 'the biggest and most exciting boxing show the UK has seen'.

She said: "After a successful event last year, which saw us raise money to send seriously abuse children on a holiday of a lifetime, Models Fight Night is back for round two and this time on a bigger scale.

"All our girls are successful and beautiful models who have had no previous boxing experience."

To find out more about the event, visit the website at www.modelsfightnight.co.uk.

Donations and items that can be sold in an auction for the charity are welcome.

Adam's work on show at academy

Talent on display: Adam Hiles posing next to his artwork at the Royal Academy of Arts

AN ARCHITECTURE graduate is currently exhibiting his work in the highly-prestigious Royal Academy of Arts.

Work by Adam Hiles, 24, from Crownhill, who recently graduated from the University for the Creative Arts (UCA), will be on display until Monday as part of the Summer Exhibition at the academy, based in Burlington House, London.

Entitled Airside Isometric, Adam's work is a large isometric parallel projection drawing of an under-used RAF airfield.

It is hanging on the walls of the Architecture Room alongside works by Lord Richard Rodgers, architect of the Millennium Dome, and world-famous architect Lord Norman Foster.

Adam said: "It is such an honour to have my work selected for such a prestigious exhibition.

"I went to the show a few weeks ago and it was surreal to see my work among the famous names of Britain's prominent architects.

"My work shows the airfield as an agricultural production and distribution facility which utilises the airfield and its surroundings.

"A large hydroponic structure surrounds the runway and aircrafts, interwoven with facilities for passengers."

Established in 1769, the Royal Academy's Summer Exhibition is the largest open contemporary art exhibit in the world, drawing together a wide range of new and recent work by established, unknown and emerging artists.

Questions & Answers

*Subject to survey

Watch the BBC News Reports on www.HSsolar.co.uk

Q. What's the catch? How is it possible that I can have Solar Panels installed & maintained completely free of charge?
A. There is no 'catch'. The answer is very simple. We would like to rent some of your roof space because the Electricity Supplier will pay us for the electricity generated from the Solar panels which you don't use. You will be paid (in the form of FREE electricity) for allowing us to install Solar panels on your roof and we will be paid by the Electricity Supplier for the energy you don't use - it's as simple as that! It will cost you NOTHING!

Q. Would installing Solar panels effect the saleability or effect the value of my property?
A. YES! your property will be EASIER to sell and installing Solar panels will INCREASE the value of your property! If you have a mortgage, we have to obtain written consent from the Mortgage Lender before we can install the panels.

Do you know anyone who would not want to have FREE electricity which will cost them nothing?

The Mortgage Lenders also do not know of anyone who would NOT like to have FREE electricity which is why they are agreeing to free Solar panel installations. They also realise they will be an asset to the property.

Q. I thought Solar panels only work in the summer. Is this true?
A. No, it is not true. Solar panels generate FREE electricity ALL YEAR ROUND come rain or shine. The panels only need light to work.

Q. How much will I reduce my electricity bills by?
A. Delighted customers are reporting up to a 70% reduction in their electricity bills, AND if you have a hot water tank in the airing cupboard you can also reduce your GAS BILL! You could have Free electricity AND Free hot water!

Q. What happens if I sell the property? A. The new owner simply inherits the FREE electricity.

The COMPLETE installation, including the Solar Panels, all parts & components is FREE OF CHARGE!
There is no catch, there is NOTHING for you to pay - you will simply receive FREE electricity. It is not possible to make this any clearer.

MK BUSINESS

Firm is gearing up to run first electric taxis

BY DAN PALMER
dan.palmer@mk-news.co.uk

THE country's first ever electric taxi could soon be picking up passengers in Milton Keynes.

Skyline Taxis hopes to introduce the first ever Nissan Leaf to its fleet, to make full use of the city's recently installed charging points.

Manager Thomas Blakeburn said the idea was about giving the environment a boost.

He said: "We plan to use the vehicle on current Hackney ranks and also utilise our private hire circuit, something we do with our current licensed diesel Hackney carriages already.

"As electric vehicles are limited by the battery charge, which in turn limits the distance it can travel, it will be important to ensure the vehicles charge is used to it's best potential."

Open University researchers have described the plan as 'unique' as it also focuses on what will need to be done to raise awareness, understanding and acceptance of electric vehicles across the city.

Signs will be used on the taxi to let everyone know it's electric, but there is currently a problem as licensing law states that only a Hackney carriage is eligible for branding.

Mr Blakeburn is hoping that this can be changed.

He said: "I cannot emphasise how crucial branding will be in the success of this proposal. Our long term intention is to introduce a number of electric vehicles to our fleet."

The taxi plans come after the city's first electric car charging points went live in March.

Fifty have been installed so far, out of 150 which will be up and running over the next three years.

Plugging in: Thomas Blakeburn, manager of Skyline Taxis, which is hoping to run an electric taxi

£340m eastern expansion contracts on offer

CONTRACTS worth £340million are up for grabs as the Brooklands development in the east of the city gathers pace.

Regeneration firm Places for People looking for three developers to build 2,500 new homes as party of the city s Eastern Expansion Area.

The company has broken the site into three lots, each with a development value of £114million and an estimated construction cost of £67million.

Among the proposals on the table is a plan to allow developers to share returns from around half the total homes which are to be built for sale.

Most of the infrastructure is already complete, with roads and drainage in place among the many thousands of trees and shrubs planted across the 365-hectare site.

Developers Countryside Properties started building the first 200 homes on the site earlier this year.

The first will be ready to move into in September, at the same time as the new Brooklands Farm Primary School welcomes its first pupils.

COMPETITION

Chef Dave Fuller and Paul Capener with the award-winning Stockman's Pie

IT'S official - we can now boast one of England's best pies.

And to celebrate, MK NEWS has teamed up with Kingfisher Hotel and Country Club in Deanshanger to offer a fantastic getaway - worth around £1,000.

As we reported in May, Kingfisher Hotel won through to the final of England's Best Steak Pie competition with head chef Paul Capener's creation, the Stockman's Pie.

Since then judging has taken place, and Paul's pie came out on top netting him and the hotel the prestigious Gold Award, meaning it is now ranked as one of England's best.

Since the news that the pie had made it through to the final, the orders have been flooding in.

Paul said: "We are struggling to keep up with making enough pies - it has been huge."

The pie's pastry is made with Stilton, but Paul, 57, puts the success down to the fact that all the ingredients are sourced locally.

He said: "We are delighted with it, because we are supporting local farmers.

"We get our beef from a prize-winning herd at Beechmore Farm in Whitchurch, and the good thing is we can trace the meat from field to plate.

"People are really interested to know where the produce comes from."

To celebrate, they are offering one lucky reader a fantastic getaway for two at the hotel.

Two people can enjoy a two-day, one-night stay with breakfast and dinner. Not only that, but enjoy two rounds of golf on both days, and get two lessons each with their resident golf pro, Vinny Doyle.

Enjoy a treatment of your choice in Sarah's Beauty Room, such as her wonderful full-body hot stone massage. Finally, you will receive three months free membership to their on-site gym Fit 4 Life, where you will get a fitness check, personal programme and three sessions with a personal trainer.

To win simply tell us what Paul makes his pastry with?

Send your entry, along with your name, address and contact details, to competitions@mk-news.co.uk, or MK NEWS, 1 Diamond Court, Fox Milne, MK15 0DU. Closing date for entries is 5pm Wednesday, August 17. The editor's decision is final.

SIMON DARNELL

FREEDOM

Sugababes 4.0

YEAH, well, so this is about half as good as it ought to be.

However, on the bright side I'm sure the video will be loaded with 'sexy dance moves' and plenty of pose-striking, so at least there's something to distract you from the song, eh?

Well, no actually, not when you're listening to it on the radio or as a download.

The song's message is essentially 'Isn't it great to be alive? Let's nip off somewhere tonight and enjoy ourselves.' A worthy message, I'm sure, but the execution of it is a bit cack-handed to say the least.

For one thing, it takes the song nigh on three minutes to spring to life and then it finishes.

Perhaps it's a metaphor for the history of life on earth: the planet was going along swimmingly for billions of years until the last minute, when some adventurous creatures strolled out of the sea and evolved into humans. If that's the parallel they were aiming for, they're a far more subtle band than I gave them credit for. Somehow, I suspect not.

Going back to an earlier observation though, this song doesn't feel finished; from beginning to end it feels like there should be more to this song than there is.

It isn't rubbish, but it sounds for all the world as though it was conceived as a backing track for some dance moves, which is going about things entirely the wrong way.

MIDNIGHT CITY

M83

LOOKS like the 80s revival was only resting if this is anything to go by.

Still, it's a lot better than the Sugababes single. There are three reasons for that. Firstly, the song's finished and as a result there's all sorts of good stuff here to wrap your lugholes around.

The second reason is the backing singing. It's one of those "record producer says 'you wouldn't dare' to which the singer responds 'watch me'" performances. Whoops and hollers aplenty, in other words.

If you want an idea of how it sounds, simply get someone to throw you something that's come straight out of the oven and record the sounds you make as you juggle it.

The third and most impressive reason is this: there's a saxophone playing over the end of the song and it doesn't sound terrible. This one I will recommend.

TASTE LIFE

CALCUTTA BRASSERIE - DINING IN THE DARK

High Street, Stony Stratford, 01908 566577

HAVE you ever wondered what it would be like to eat a restaurant meal in the dark?

Nope, neither had I.

That was until I heard about the new Dining in the Dark experience at Stony Stratford's Calcutta Brasserie Indian restaurant.

Upon arrival at the stunning converted church, it was clear many other people's curiosity had also been piqued, as the room was packed.

You might now be wondering how I knew the room was packed, considering the title of the experience on offer?

Well, thankfully for my shirt, you aren't eating in complete darkness. All the lights are off but each table has a single candle burning which, combined with the atmospheric music ranging from classical to pan-piped pop classics, creates a wonderful atmosphere.

If you do want to go the whole hog blindfolds are provided for each diner, though I would recommend feeding each other as some of the dishes could provide a potential laundry disaster.

There is a shared, set menu on offer, with vegetarians and those with allergies also catered for, which the Brasserie's award-winning chefs have developed to titilise all the senses.

Some dishes you might usually choose from a menu, such as lamb kofta kebabs to start or aloo gobi as a main, but there are also some that you may usually glance over, unwilling to venture from your usual Friday night fare.

We enjoyed the paneer tikka hariyali starter - cubes of Indian cheese marinated with a coriander, green chillies, mint and fenugreek. My favourite main dish was the kori vepudu - crispy fried chicken, stir fried with ginger, spring onions, green chillies and a chilli sauce.

Dessert was a choice between a strawberry cheesecake and a really refreshing mango kulfi.

I would highly recommend keeping your eye out for the next Dining in the Dark night, particularly if you are planning on treating your better half.

MILTON KEYNES THEATRE

TOP HAT

Tuesday-Saturday, August 27

SEVENTY-SIX years after its movie release, Top Hat receives its world stage premiere at Milton Keynes Theatre on Tuesday.

Playing for two weeks, the show heralds the start of a 17-week UK tour prior to an anticipated West End transfer in spring 2012.

Directed by Matthew White and choreographed by Bill Deamer, Holby City and Strictly Come Dancing star Tom Chambers and his co-star Summer Strallen take the lead roles of Jerry Travers and Dale Tremont, played in the movie by Fred Astaire and Ginger Rogers. They are joined by Martin Ball and Vivien Parry playing husband and wife Horace and Madge Hardwick, Ricardo Afonso as Alberto Beddini and Stephen Boswell as Horace's valet Bates.

Jerry (Chambers), a famous American tap dancer, arrives in London to appear in his first West End show. He meets Dale (Strallen), the girl of his dreams, and follows her across Europe in an attempt to win her heart.

Nominated for four Academy Awards, Top Hat is widely regarded as one of the greatest dance musicals of all time and the most successful picture of the nine movies Astaire and Rogers made together.

This new musical comedy will include Irving Berlin classics from the movie such as Cheek to Cheek, Isn't It a Lovely Day to be Caught in the Rain and Top Hat White Tie and Tails.

A further 10 numbers from Berlin's back catalogue have been interpolated including Let's Face the Music and Dance, I'm Putting All My Eggs in One Basket and Gentleman Prefer Blondes.

For tickets to the show call the box office on 0844 8717652, or order by logging on to www.atgtickets/miltonkeynes.

MK GALLERY

SOUND artist Caroline Devine is currently exhibiting her multi-channel sound installation Recording Contract Recordings.

With her background in music (she's a former member of the band Linoleum), Caroline's work explores the boundaries between music and sound.

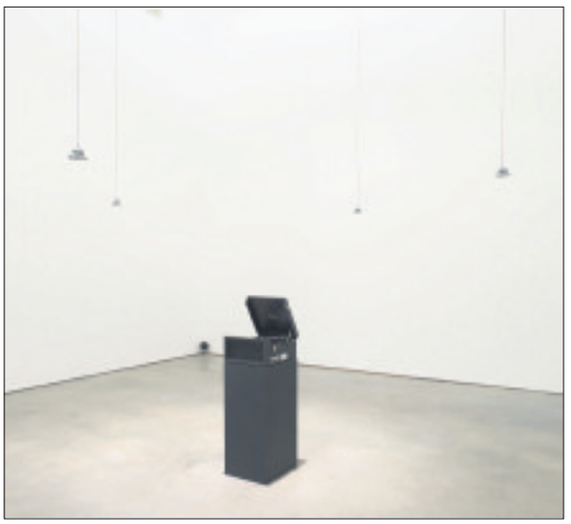
In the centre of the installation is a record player on which her specially pressed vinyl, Recording Contract Recordings, constantly revolves.

Surrounded by a variety of horn and hanging speakers through which the sound is broadcast, depending on where you walk or stand, your experience of this 35 minute looped composition changes.

Focussing on the voice, Caroline's work frequently involves the transformation of text into sound. She uses music, small sounds and vocal fragments in her compositions, together with the secondary by-products of an original sound event, such as resonance or flutter.

Caroline performs, records or synthesizes her sounds, building them from scratch in order to manipulate them digitally, using her own voice and that of others as raw material for her compositions.

About every 30 minutes a vertical, compositional 'slice' from the installation plays simultaneously inside MK Gallery and outside in Margaret Powell Square.



Comprising tiny piano fragments recorded inside the body of a piano, this sonic equivalent to an exploded chord briefly connects inside and outside space. But chance external noises from passing traffic or pedestrians can also merge with the broadcast sound, making it a different experience for the listener each time.

Caroline, who won the MK Community Foundation's 2010 Arts Bursary Award, is exhibiting her work as part the New Art MK exhibition.

The display, which features eight emerging artists from Milton Keynes, is running at the gallery until September 18.

Caroline's Friday Night Film screening choices at the gallery are Deconstructing Dad: The Music, Machines and Mystery of Raymond Scott (Friday) and The Proposition (September 9). Hear her discuss her work on August 18 in the New Art MK: In Conversation event.

Further details are available at www.mkgallery.org.

WOBURN ABBEY

THE CANTERBURY TALES

Sunday, August 21

THE Pantaloons open-air theatre company are touring the country this summer with their ambitious and hilarious new complete version of Geoffrey Chaucer's The Canterbury Tales.

In what may be a theatrical first, The Pantaloons are performing every one of the 23 completed Canterbury Tales - no mean feat considering the play features a cast of just six actors playing more than 70 characters.

The Pantaloons are not making it easy for themselves as every story will be performed in a different theatrical style.

Audiences can expect pantomime, puppetry, masks, musicals, mime, farce, reality television, horror, opera, and even Shakespeare.

The play follows a group of pilgrims who decide to hold a storytelling contest on the road from Southwark to the shrine of St Thomas Beckett in Canterbury.

They come from all walks of medieval life and include a knight, a miller, a monk, a prioress, a shipman and a rather insatiable wife of Bath.

Their stories are just as diverse, including old favourites such as 'boy meets girl', 'talking chicken meets fox' and 'red-hot poker meets naked bottom'.

Tickets to the show, which is in the open air, cost £12.95 for adults and £8.50 for children.

For more information, or to buy tickets, visit www.thepantaloons.co.uk.

HEART FM COLUMN

HEART breakfast show presenters Stuart and Natalie wake you up each weekday morning and write to you each week in MK NEWS.

So this week we were fortunate enough to have Hollywood heartthrob Bradley Cooper in the building.

If the name doesn't immediately ring a bell then you'll know him best as Phil from the Hangover and Hangover II. He dropped in to talk about the release of Limitless on DVD.

It's an action role and completely different to his recent comedic performances, but he loved doing it and got to perform alongside a Hollywood legend. "Robert De Niro is in it, so it was a real thrill to work alongside him," he said. "It was a wonderful character to play, it really goes from A to Z from where he starts out to where he ends up, it was really great, and I got to work in Philadelphia where I'm from."

We also wanted to know whether he gets sick of people constantly going on about his looks.

"No, that sounds great, it really does," he said. "I don't see what they're talking about, I think it's the people behind the camera obviously doing an amazing job."

So far he has resisted appearing on any of the social networks. He said: "I do think it's incredible, but I just don't partake. I'm a fan of the concept I just don't do it. I just wouldn't know what to write, I would be chronicling my day and discover I was actually doing nothing, and that would depress me".

Finally, with so much having been written about Bradley lately, we wanted to know what the weirdest story he has seen written about him. "I've read that I'm bald and that this is a hair piece, and that I took my dogs to the spa," he said. "Also the amount of women they attach me to. I just wouldn't actually have the time. It's all very flattering though."

Stuart and Natalie present Heart Breakfast Monday to Friday 6am-10am on Heart 103.3FM.

PARK LIFE

IF YOU haven't secured a place on one of The Parks Trust's incredibly popular school holiday events don't worry, there's still plenty to do in Milton Keynes' brilliant parks.

Why not take the opportunity to explore a little further afield than your local area and maybe discover a park or ancient woodland that you haven't visited before.

The Parks Trust owns and looks after around 4,500 acres of parks, river valleys, woodlands and lakesides, each with their own individual character.

They're great places for walking, cycling and wildlife spotting or providing an inspiring backdrop for hobbies such as photography, painting or sketching. At www.theparkstrust.com you can see information on what you can see and do in the parks.

Warm, summer days can make it tempting to take a dip in a lake, river or canal and, at this time of year, people are asked to be sensible and stay safe near open water.

Remember, 60 per cent of all drownings occur in canals, lakes and rivers; you can drown in just a few centimetres of water; if you fall or jump into the water, the cold will shock your body, making your muscles seize up so you can't move; you could easily cut yourself on rubbish or rocks and you may become ill due to bacteria in the water.

The Parks Trust has teamed up with Safer MK to spread the water safety message and this year you'll see eye-catching posters designed by Milton Keynes schoolchildren asking you to stay safe and only swim in local pools.

Help keep our waterways safe, and if you see anyone swimming in lakes or rivers call Thames Valley Police on 08458 505 505.

JOIN OUR SPECIAL SCENIC TRAIN EXCURSION from a station near YOU!

The Spectacular SETTLE & CARLISLE line Saturday 17th September 2011

Joining STATIONS and estimated TIMES: WATFORD JUNCTION (depart 0630 / return 2300), HEMEL HEMPSTEAD (0645 / 2240), TRING (0700 / 2225), LEIGHTON BUZZARD (0715 / 2210), BLETCHLEY (0725 / 2200), MILTON KEYNES CENTRAL 0735 / 2150), NORTHAMPTON (0755 / 2130)

OUR SCENIC JOURNEY You will be astonished at the varied scenery to be seen from a train in the course of one day. Colourful canal boats keep company into the Potteries and then over the Pennines. Once through the fascinating Aire Valley we run the full length of the Settle & Carlisle line, over the great Ribblehead Viaduct onto the *Roof of England,* then on the flanks of Wild Boar Fell and the lush pastures of the Eden Valley. After a break at CARLISLE, the return is by way of Penrith, the gap through the Fells at Shap and the delightful Lune Gorge. A view of the Lakeland mountains, a brief run on the shores of Morecambe Bay, then south to Preston and across the River Mersey back into Cheshire. Miles and miles of superb scenery. Michael Portillo certainly enjoyed it in his recent TV series about railway journeys in Britain.

THE GREAT BORDER CITY OF CARLISLE has a Castle, Cathedral, the Tullie House Museum, and a plethora of places to eat and drink in the couple of hours you should have here.

THE TRAIN - all seats fully reserved at tables lined up with the wide windows. Passengers in **FIRST CLASS** enjoy more spacious seating, with mid-morning coffee or tea and a Danish outward, and a Cream Tea on the return. Or for real luxury, travel in **PREMIER DINING** - the Great British Breakfast and a sumptuous 4-course Evening Dinner, followed by coffee and petit-fours, silver served at your seat.

FARES: Premier Dining £159, First Class £89, Standard Class £58. There are discounts for groups of 4 adults in all classes. There is an optional fully licensed buffet offers hot and cold drinks and snacks.

Terms and conditions apply - all details subject to confirmation.

THE COUNCIL OF THE BOROUGH OF MILTON KEYNES
(PART OF PUBLIC FOOTPATH NUMBER 30, HANSLOPE)
(TEMPORARY CLOSURE) ORDER 2011

NOTICE IS HEREBY GIVEN that the Council of the Borough of Milton Keynes has, on the 10th August 2011, made an Order under Section 14(1) of the Road Traffic Regulation Act 1984.

The closure is required for a utility connection to the property at number 9 Glebe Lane since the lane is too narrow for these works to be carried out in safety of the public and the workforce.

The effect of this will be to temporarily close part of public footpath No 30 known as Glebe Lane Hanslope starting from a point from the western boundary of No 7 for a distance of approximately 35 metres in a general north easterly direction to the eastern boundary of number 9 Glebe Lane.

It is anticipated that the closure will be in effect from Monday 15th August 2011 to Wednesday 17th August for a gas supply to be laid; the road may reopen sooner if the works have been completed. The footpath will be closed again on Monday 26th September 2011 for a period of two weeks to enable an electricity supply to be laid; again the footpath may reopen sooner if the works have been completed.

As this is a no through lane there is no diversionary route, and because the works require deep excavations, there will be no access for all vehicles including emergency services vehicles. The public footpath will be fully closed at this point. Residences will be able to access their property on foot only. National Grid Gas will be notifying all affected properties by letter.

The footpath closure will be signed in accordance with Chapter 8 of the Traffic Signs Manual and advance information signs will be placed at each end of the affected path a few days before the works are due to take place.

The Order will come into operation on Monday 15th August 2011 and will continue in force for a period of up to a maximum of 6 months or until the said works have been completed

Any person committing a breach of the order will be liable upon prosecution to such fine as prescribed by the Road Traffic Regulation Act 1984.

DONS 2 HARTLEPOOL UTD 2

Share of the spoils: Dons had to settle for a draw. Match pictures by Paul Brook

Point apiece but Pools are happier

DONS boss Karl Robinson believes that his players will have to get used to wearing the favourites tag.

His side kicked-off the season on Saturday with a 2-2 home draw against Hartlepool United - a point the visitors were far the happier with.

Pools scored with their only two shots on target in a game Dons dominated, but Robinson was forced to accept a share of the spoils.

He said: "We go into 95 per cent of games as favourites this year. We've got to accept that burden. It's a different type of expectancy.

"Teams play a little bit differently and we're going to have to work hard to make sure we break them down, and continue playing in the right way."

Adam Boyd's first half header gave Hartlepool the lead against the run of play, before Luke Chadwick levelled up with a lovely finish across keeper Scott Flinders early in the second half.

Dons keeper David Martin did not have to make a save all afternoon and MK peppered the visiting goal, but it was Pools who snuck in front after 85 minutes through James Poole's solo effort.

A Hartlepool win would have represented the ultimate smash and grab but Jabo Ibehre earnt Dons a point, the least that they deserved, with a last gasp header from a deflected cross.

It could have been even better if late penalty claims involving Stephen Gleeson hadn't been waved away by Andy D'Urso.

The second Pools goal was the most disappointing from the Dons point of view, as Poole was allowed to run through the middle of the home defence, skipping three challenges all too easily before finishing past Martin.

Robinson said: "We've watched it and it won't happen again. There were times when we could have brought him down, Angelo Balanta had a tackle that he missed, Shaun Williams missed one and Gary MacKenzie missed one.

"It was disappointing, but the players are as disappointed as anyone else."

The goal perhaps highlighted the need for the Dons to make reinforcements at the back and the boss hopes to have strengthened in this area within the next week.

The pre-season injury to Mathias Kouo-Doumbe has put further strain on a defence which lost Sean O'Hanlon and Danny Woodards during the summer, and Robinson has been playing midfielder Williams at centre back and left back Adam Chicksen on the right hand side.

One potential target is Bristol City's right back Joe Edwards, who would be available on loan.

"We've got two players we're looking to bring in that we're happy with, and we're trying to make that happen over the next seven days," Robinson said.

Despite feeling that his side could have done more to turn the screw on Hartlepool after Chadwick's goal, the manager said that the positives of the afternoon outweighed the negatives.

"When we got back on level terms, I thought we sat back and thought the next goal was going to come, but we didn't finish them off," he said.

"However, the positives on Saturday outweighed the negatives, I think we counted 21 gilt edged chances. We watched them all, and the players openly admit that we should have won the game comfortably."

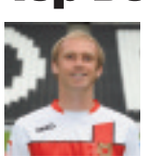
Top Don v Hartlepool



LUKE CHADWICK: The club's player of the year for the last two seasons has started the campaign in the same superb form. Constantly on the ball in the middle of the park, he proved a handful for Hartlepool all afternoon and took his goal well.

Coming up next:

DONS will be getting to know the west of the country over the next few days. They were in Cheltenham last night and now have two consecutive away games at Exeter City and Yeovil, on Saturday and Tuesday respectively. Karl Robinson admitted the way the fixtures had come out was 'surreal', but said it was part and parcel of the game.

ICE HOCKEY

MK LIGHTNING will begin the new season with the annual 'Ashes' challenges matches against rivals Peterborough Phantoms.

The home fixture will take place on Saturday, September 24, with the away tie taking place just under 24-hours later.

Equipment belonging to former Lightning skaters James Morgan and Dwayne Newman, both of whom later played for the Phantoms, was burnt to create the ashes in question.

As both have now left the Cambridgeshire side, some supporters had questioned whether the two-legged fixture would still happen, but the newly-published fixture list confirms that the matches have retained their place at the top of Lightning's schedule.

The EPL league season starts on October 1, with a home clash against title winners Manchester Phoenix, with a trip to Sheffield Steeldogs the following day.

Player coach Nick Poole said: "Hosting Manchester Phoenix for our first league game holds absolutely no fears for us, we put them out of the play-off finals in April, and we have every intention of taking our league title back from them."

LOCAL FOOTBALL

NEWPORT Pagnell Town FC kick off their United Counties League season with two potentially difficult home games at Willen Road.

They kick-off on Saturday against Boston Town before welcoming Peterborough Northern Star on Tuesday evening.

New boss Darren Lynch has used the pre-season as an opportunity to try out a number of different players and positional options, finishing with a hard fought 1-0 win over Ampthill.

Stony Stratford Town start their campaign in the Spartan South Midlands League Division One by hosting Wodson Park, and in the same division New Bradwell St Peter will travel to Kentish Town.

RUGBY UNION

BLETCHLEY RFC have announced a three year deal with local businessman Peter Webster, which will allow playing costs to be slashed for senior players and ladies.

All players will pay just £25 for the season thanks to the tie up with Mr Webster, a supporter and past club captain.

He said: "We see this as a cost effective way to help build and strengthen the club that will help stimulate other initiatives."

ATHLETICS

MK RUNNER Chris Clarke was second in the national 400m at this weekend's Diamond League meeting at Crystal Palace, and narrowly missed out on the 45.25s needed to book a place in the World Championships in South Korea.

Elsewhere, Greg Rutherford, whose place in the Championships is secure, was third in the long jump with a wind assisted leap of 8.19m.

Craig Pickering just missed out on the 100m final by 0.05 seconds with his time of 10.34, before running leg two for the Great Britain 2 team that finished second to the United States in the 4x100 relay in 38.60.

Javelin thrower Mervyn Luckwell, seeking a world qualifying distance of 79.5m, finished eighth with 69.53m at the Amsterdam International Open Meeting.

At the South of England Championships there were golds for Freddie Curtis (M17 Javelin), Redford Curtis (M15 Javelin) and Daniel Oderinde (M15 200m).

The club's women improved to sixth in the final UK Women's League Match at Winchester but are 15 points short of avoiding relegation to Division 2, although there was a club 4x400m record for Sophie Wilkins, Elle Roche, Joey Duck and Kadi-Ann Thomas with 3:57.58.

TOURING CARS

JAMES Nash enjoyed top six finishes in each of the three races as the British Touring Car Championship resumed at Snetterton this weekend.

The Newport Pagnell driver was fifth in the first race and sixth in the third, but his best result of the day was in the middle race when he finished second to claim a spot on the podium and an independent win.

Nash has finished second four times this season and remains fifth in the overall standings.

He said: "I have to be reasonably happy with another second place and a couple of trophies, but we need to find a bit more straight line speed from the engine somehow when it goes back to the engine company in Swindon. We've definitely lost something these past two meetings.

"My opening race wasn't a great one, I'd started fifth and finished there but along the way I'd had to cede position to Frank Wrathall's new generation touring car (NGTC).

"The second race was really good and the final one reasonable given our set-up.

"It was certainly interesting now finding ourselves fighting for position with one of the NGTC cars. In fact their speed here was astonishing. Whatever those cars have found, I'd like some too."

Nash, racing for Triple Eight with Collins Contractors in his Vauxhall, will next race at Knockhill in Fife on September 4.

BASEBALL

NEWLY crowned league champions MK Bucks have chalked up another win as they prepare for the national play-offs.

After clinching top spot in the AA Midlands League title last Sunday, Bucks continued their dominance with a 27-3 win against the Leicester Blue Sox II.

MK's batters were quick off the mark and put five runs on the board in the first inning alone

With Chris White on the mound for the Bucks, the Sox II batters found it hard going and were unable to put together any offense of note.

Next up is a home clash with Birmingham Maple Leafs on Sunday.

BASKETBALL

New boy Nuno is sold on MK

HE'S only spent two hours in the city but Nuno Pedroso is already sold on Milton Keynes.

The Portuguese star is the third confirmed name on the MK Lions roster for the new season and after his fleeting visit for a look around he is itching for the first tip off.

In an exclusive chat with MK NEWS from Portugal, he said: "I'm very pleased to be here, it is very exciting.

"I spent a couple of hours here and I loved it, it was not enough time."

Pedroso, a guard who stands at 6'2" has experience in Spain as well as his homeland, where he won the championship in 2005, 2007 and 2011.

Last season he averaged 15 points, 6.5 rebounds and 2.2 assists per game.

Now, he is looking for more success in the British Basketball League (BBL).

He said: "Personally, I hope to make the team better.

"The coach explained what he had in mind and he is confident we can have a good season.

"I hope we can achieve our goals and win some trophies."

During his career Pedroso has come across a familiar face to those in Milton Keynes, former Lion Tommie Eddie, with whom he won the Portuguese Cup while playing at Vitoria.

The two have been in touch about Pedroso's switch to the Lions and the conversations between the new arrival and the giant American have been favourable.

"We have spoken via e-mail," Pedroso said.

"He said I am going to like it here."

Coach Mike New said the new addition 'ticked all of the boxes' needed to upgrade the backcourt.

"He is a poised veteran leader who wins on every team, in every country that he has played," New said.

"He has deadly range on his three point shot and he makes plays in crunch time, no matter if it's for himself or a team mate.

"But also, similar to Stefan Gill, Nuno prides himself on his defence and is used to defending import guards, at a high level of basketball."

Pedroso joins Gill and American Dan Northern as the confirmed Lions for the 2011/12 BBL campaign, and more signings are expected shortly.

New added: "We are very excited to have Nuno, but likewise Nuno is excited to be a Lion.

"He has made contact with his team mates and can't wait to get started with the team.

"It is this type of leadership and enthusiasm that is infectious within teams and it is exactly what I am looking for from my veterans."

Lions Chief Executive Vince Macaulay also heralded Pedroso's arrival, and said that the Lions had beaten off a number of other sides to secure his signature.

He said: "His calibre of player will raise the bar at our club and in the BBL as a whole.

"We are all getting quite excited as the season nears, I think he is going to become quite a fan favourite."

Lions are gearing up for two warm-up games with American universities before the season opener, a BBL Trophy clash away at Leicester Riders.

Stony Brook will visit on August 18 and St Joseph's College will provide the opposition on August 28.

BADMINTON

City's players pursue dreams on the world stage

Big hopes: Nathan Robertson and Jenny Wallwork

THE Badminton World Championships are now well underway and a number of city-based players are flying the flag for England at Wembley Arena.

One player to already taste success is Commonwealth bronze medallist Elizabeth Cann who saw off Michelle Chan Ky of New Zealand in round one.

Cann lost the first game 21-16 but recovered in front of the home crowd to take the next two 21-13 21-11.

The win booked a second round date with Thai tenth seed Porntip Buranaprasertsuk.

Cann said: "It was a bit of a rocky start, as I was shaking the nerves out.

"I was a bit loose at the beginning but as I got into the second game I got into my stride.

"I played Porntip last year at the French Open and she won so it's my turn this time."

England's other women's singles hope Sarah Walker faced former world number four Pi Hongyan in her first round contest, who proved to be too strong with a 21-12 21-18 win.

In the men's singles English Nationals runner-up Carl Baxter bowed out when he lost to Sweden's Henri Hurskainen 21-8 21-19.

Commonwealth silver medallist Rajiv Ouseph will now lead the way in this event, but he faces a tough task against top Danish player Peter Gade.

England's best hope for glory, city-based mixed doubles pairing Nathan Robertson and Jenny Wallwork, are due to get their campaign underway against Malaysians Peng Soon Chan and Liu Ying Goh in a second round match-up.

Robertson, a former world champion with Gail Emms, started playing with Wallwork after Emms retired in 2008.

Wallwork and Gabby White have already exited the women's doubles, 21-14 21-12 to Malaysian's Eei Hui Chin and Wong Pei Tty.

AN UNBEATEN century by New Bradwell's Teemoor Alam failed to stop his side slipping to a six wicket defeat to second placed Milton Keynes City.

The number three finished on 109, nearly half of his side's total of 220/4, but solid scores from Chris Timms (59) and Andrew John (51 no) saw City comfortably home after 40.2 overs.

Current table toppers North Crawley enjoyed a huge 169 run victory over struggling Olney Town to cement their place at the summit.

Olney elected to field and North Crawley reached 249, largely thanks to Glenn Young's 72.

Richard Bryce (3/8) and Dean Bryce (3/27) did the damage with the ball as Olney collapsed to just 80 in their innings.

Milton Keynes CC picked up the majority of points on offer during their draw with Newport Pagnell.

MK batted first with Grant Ebrahim's 72 and 59 by Sam Hagger the standouts in their total of 227/8.

Daniel Ramsell took 3/14 in the reply but Newport dug in to finish on 149/7, avoiding defeat.

Elsewhere, Elstow drew with Biddenham and Eaton Bray beat Studham by 40 runs.

NORTHANTS PREMIER LEAGUE

Premier Division

STONY Stratford's poor run continued with a heavy defeat at home to Northampton Saints CC.

After opting to bat, Stony suffered a nightmare start and at one stage were 42/6, with John Lambe's 16 the highest score from the top five.

Andrew Miller (22) and Chris Guy (32) prompted a slight recovery but Stony could only make it up to 123 before they were bowled out.

This total was always going to be in easy reach for the Saints, the current league leaders.

They needed just 22.1 overs to complete a nine wicket win with Andy Humphries grabbing the only Stony wicket.

CHERWELL LEAGUE

BLETCHLEY Town drew with Leighton Buzzard in a big game towards the bottom of the table.

Batting first, James Ward struck 34 in the Bletchley total of 174/9, and the bowlers then turned the screw during the reply.

James Sprittles took 4/45 but Leighton finished on 127/7 to hang on for a draw.

Gleeson: It was a definite pen

THIS picture shows the most controversial incident from Dons' league opener against Hartlepool on Saturday, and for the man at the centre of it there should have been only one outcome.

With the score 2-2, Stephen Gleeson was felled in the box late on by Nathan Luscombe and afterwards he said: "It was a penalty."

However, ref Andy D'Urso didn't agree and Dons were denied the chance to grab an opening day three points from the spot.

It would have represented quite a turnaround as just minutes earlier Hartlepool had taken the lead themselves.

Gleeson said: "I felt contact. He put me off my stride.

"I think it was a penalty but obviously Mr D'Urso didn't.

"He didn't book me for diving, so I don't know why he didn't give the penalty kick. If he hasn't booked me it's a penalty in my eyes."

Manager Karl Robinson, who was fined £1,000 this week following an altercation with then Swindon assisntant manager Ian McParland in April, was a little more tight-lipped.

And the boss admitted that Jabo Ibehre's equaliser was offside – levelling things out.

He said: "I saw it the same as the Hartlepool staff, the Hartlepool players and every fan in the stadium.

"But maybe we got our little bit of luck with Jabo's goal."

Gleeson added that he thought the team were the better side, and said it had been a 'typical opening day game'.

"Overall, I think we did enough to win the game," he said.

"I think they had two or three chances and scored two goals.

"It's disappointing, but we're going to get better and sharper, and hopefully take our chances."

Balanta rounds off rout of Robins

BY DAN PALMER

dan.palmer@mk-news.co.uk

CARLING CUP ROUND ONE

CHELTENHAM TOWN	1
MK DONS	4

DONS came from behind to book their place in the second round of the Carling Cup at the expense of League Two Cheltenham last night.

Karl Robinson's side fell behind in the first half at Whaddon Road but they were clinical in the second to comfortably book their passage through.

In the early stages Sam Baldock saw a shot blocked by home keeper Scott Brown, and then summer signing Darren Potter rifled a sweetly struck shot just wide.

Cheltenham threatened on ten minutes when Kaid Mohamed embarked on a surging run down the left flank, muscling through a number of Dons bodies as he did so. He laid the ball on a plate for Jeff Goulding but Dean Lewington arrived for a vital saving tackle.

Goulding then split the Dons' defence all too easily with a through ball which found Jimmy Spencer, who duly waltzed around keeper David Martin.

However, the Dons were saved as Spencer appeared to lose the ball under his feet as he attempted to slot the ball home.

It was a worrying couple of moments for Karl Robinson's side, who were not having it all their own way against their lower league hosts, and disaster struck on 29 minutes.

A speculative 25-yard effort by Luke Summerfield took a massive deflection off Gary MacKenzie and squirmed under an already committed Martin at his right post to give the Robins the lead.

The goal saw Cheltenham grow in confidence and they threatened to add a second, but Dons crucially grabbed an equaliser just before the break to take the wind from their sails.

Brown made a mess of an Angelo Balanta shot and parried the ball straight to Baldock, who had the simple task of smashing home the loose ball.

Into the second half and the Dons stormed out of the blocks with a goal in the opening seconds to stun the home side.

Baldock turned provider and slid the ball across to Jabo Ibehre, who was left all on his own in the box to score his second in two games at Brown's left post.

Cheltenham looked shellshocked by the early strike and they lost their earlier momentum, allowing Lewington to provide a killer blow on 61 minutes.

Balanta swung in a corner and the Dons skipper ghosted in unmarked to bullet a header into the roof of the net.

It was a ruthless performance by MK who converted every meaningful opportunity which came their way to surge out of sight.

The Robins, so spirited in the first half, fell further behind only a couple of minutes later when Balanta headed in Ibehre's cross.

Baldock saw a fierce effort batted away by Brown late on while looking for a fifth, and Dons now have the chance to draw a big name in the second round.

Cheltenham: Brown, Lowe (Penn 66), Andrew, Elliott, Pack, Low, Goulding (Smikle 66), Spencer (Duffy 83), Bennett, Mohamed, Summerfield. Unused subs: Graham, Jombati, Hooman, Book.

Dons: Martin, Lewington, MacKenzie, Gleeson, Potter (Chadwick 62), Bowditch, S.Baldock, Balanta (Powell 66), Chicksen, Williams, Ibehre (O'Shea 66) Unused subs: Bragg, G.Baldock.
